Classical, Modern Selections On El Camino Spring Concert Agenda

Featuring selections from grand opera as well as popular songs in a lighter vein, the El Camino College music department will present the third annual Spring Concert in the Campus center Sunday evening, April 4, at 8 o'clock.

Admission is free, and the general public is cordially invited to attend the program, Dr. William H. Harless, director of instruction—at the college, announced.

Four groups, consisting of 120 persons will participate in the program. Featured will be the Cappella Choir of 45 voices, the Vocal Ensemble of 18, and the College-Community Orchestra, consisting of 25 pieces.

Ensemble New Group
The Vocal Ensemble is a new group to the college, having been organized just this year. It has made program tours to eight high schools in the area during the past few weeks.

The College-Community Choir consists of students who attend evening music classes, as well as day students. These vocal groups are under the direction of R. Neil Hill.

Dr. R. Gordon Orme's advanced voice classes will provide four soloists—Bob Hill and Ed Sudmak, tenors, and Lorray Campbell and Gloria Yokubitis, sopranos. Sudmak will sing the famous prologue to "Pagliacci," Miss Yokubitis will present a selection from "La Traviata," and Miss Campbell one from the "Marriage of Figaro." Miss Campbell's presentation will be in English. All four soloists will combine to present a selection from "La Boheme."

To Sing "High Noon"
Eight male voices will blend on the popular ballad, "High Noon." A specialty number, "The Little Worm," will be presented by a group of women students; and an ensemble will do "Comin' Through the Rye."

The college-community orchestra, directed by Hamilton M. Maddaford will play "Capriccio Espagnol."

El Camino students saw a number of performers Friday at a special assembly program and many members of the group were also seen in the college Christmas program.

The music department anticipates a large attendance, as near-capacity audiences of over 400 persons attended the two previous concerts, Maddaford stated.

COLLEGE PRODUCTS
About one-half the presidents of the U.S. have been college graduates.

COAL CONSUMPTION
At present rates the U.S. will use 50 billion tons of coal in 100 years.

New Treatment For Arthritis And Muscle Pain
TORRANCE — If you have been suffering for years from arthritis and muscle pain, do not despair. Dr. Larson's new application of the latest in scientific therapy is promising new hope for relief of the crippling tortures of arthritis and rheumatic conditions. You are invited to come in for a complete examination to discover the true cause of your condition. Price for this examination is only \$3.00. Phone FAirfax 8-3738 before coming to offices of Dr. R. A. Larson, D. C., Ph. C., 1110 Sartori Avenue, Torrance (three doors north of Torrance Blvd.)

Tartar Teen Talk

BY PEGGY WOOD FA 8-7293

BY PEGGY WOOD
FA 8-7293
Enjoying a wonderful evening last Saturday night were several of the Tartars and their dates. Enjoying a delicious spaghetti dinner at the home of Cynthia and Mary Sue Easley were Lynn Lorenz and Lee Mortenson, Judy Nash and Jerry Neely, Anna Steinbaugh and Don Kasten, Peggy Wood and Harold Philip, Judd Reid and Larry Smith from Redondo, Mary Sue and Greg Jenkins, and Cynthia and Tom Smith.

Also having a good time Saturday night were those who attended the third Annual Presentation of One Act Plays sponsored by the Thespian Society. It was a terrific success this year with three terrific plays. A reception honored the cast after the show. 200 people attended. Two famous critics offered constructive criticism and asked for questions from the floor. Several of the Tartars were commended for their acting. Rosemary DeCamp presented her awards to the authors of the plays, and refreshments were served. It was a very pleasant evening for those who attended.

Receiving certificates for feature writing at the El Camino College Journalism Day last Friday were Thelma Smith who was awarded third place, and Carol Berra, who received honorable mention. Other participants were Jerry Westmorland, Rodney Williams, Ray Webber, Richard Gately, Juanita Pace, Peggy McCham, and Frank Sheffield. Congratulations to these newspaper reporters from the TWT.

From what we hear, both the golf team and the tennis team have a wonderful future. The teams are primarily made up of freshmen. They are doing real well this year so we hope to have a championship team during the next three years, if not this year.

The baseball team is doing real well this year also. Both the junior varsity and varsity have won several games. One of the most exciting games for the varsity so far this season was the game with Narbonne. The Tartars brought home a victory after getting three runs in the

last inning to make the score 6-5.

Coming up for the Tartar trackmen is the anticipated El Monte Relays. The relays, scheduled for last Friday, have been postponed because of rain until April 6. We hope our trackmen come back with lots of victories. Good luck, boys.

This week is a busy one for the singers at THIS. Tryouts have started for this year's opera, "Rio Rita." Many students are trying out this year; and with a good opera like this, a terrific show is in store. It is planned to be presented for the public on May 15.

The freshman class is planning a dance for the student body on May 13 in the Clivic Auditorium. Theme for the dance is "Spring Swing."

Plans are now in full swing for "Prom Week," which is sponsored by the junior class. Donations are \$1 per ticket. All donations are going to be used for a bigger prom for the senior class. Events for the week have been set as follows:
Monday—The movie "Cheaper

Accidents Cost Families Total Of \$10 a Month

Here's the way the money goes. The average California family's share of traffic accident costs amounted to ten dollars per month during 1953. On a per capita basis, accidents cost each resident of the state \$30 per year.

Total economic loss last year is placed at \$320,245,000, according to an announcement released by the California Highway Patrol. This total is reached by multiplying \$95,000, representing the average cost of one traffic fatality, by the total of 3371 fatalities suffered in traffic collisions in the state last year.

This formula allows for injury and property damage accidents as well, and includes wage losses, medical expenses and professional services, and auto repairs, costs that must be shared among all the people.

"While the loss of human life can never be reduced to terms of dollars and cents, and while there is no possible way of compensating for these tragedies, lives can be saved, painful and permanent injuries can be prevented, and millions of dollars in property damage can be prevented by defensive driving," declared B. R. Caldwell, Commissioner of the Highway Patrol.

"The economic loss in traffic accidents for 1954 has already reached a figure in excess of \$50,000,000," he pointed out.

"By The Dozen." Tuesday—a junior play "Call Me Ellie," starring Jim Cool, Connie Stout, Babs Whitley, Sally Moore, Steve Peters, and Claudia Hosen.

Plans have been started for the senior activities. The first thing under way is the senior all-night party. It will be held at the Hollywood Riviera Beach Club on June 10 after the graduation exercises. Dancing, swimming, a movie and breakfast have been planned for the enjoyment of the graduating seniors and their dates only, senior class president Sally Sprout announced.

The junior cabinet has started the emblem contest for the senior sweaters. Entries must be 5"x7" and the deadline is April 15.

This brings you up to date on the happenings of THIS.

Les King says It's a Fact

NOT ALL STONES SINK IN WATER
THAW DOES NOT PURST WATER PIPES
Water pipes are burst by the expansion of the water as it freezes into ice. The rent is not noticed until the thaw, when the ice melts and the water pours out. 1. "Popular Fallacies"—A. S. E. Ackermann. 2. "Nuggets of Knowledge"—Geo. W. Simpson.

Would you be sunk if someone met with an accident on your property? Check with us about liability insurance, so you'll know you're financially protected.
